

AFTER SCHOOL DANCE EDUCATION PROGRAM

Canterbury Ballet & Dance Academy's After School Dance Education Program is a blend of passion, movement, and technical training, tailored for recreational or competitive dancers who adore the art of dance.

Starting from age 3, students have the opportunity to explore diverse dance genres, immersing themselves in up to 12 hours of weekly classes. Beyond 12 hours per week a student will become a part of our PPT Program.

But it's not just about excellent dance tuition; it's about building lasting friendships with like-minded individuals and providing opportunity for each and every dancer. Join us for a dance journey where passion meets technical and artistic growth and friendships form.
