

# JUNIOR VIRTUOSITY PROGRAM

Canterbury Ballet & Dance Academy's Junior Virtuosity Program is designed for students aged 7-12 who wish to advance their dance training.

This weekly program is held on Friday afternoons for a select group of students and offers challenging classes in Classical Ballet, Modern Dance, Stretch & Strength, and Dance Acrobatics. These classes are carefully designed to extend young dancers beyond their regular after-school training and provide pathways into our elite competition teams and/or the PPT Program, should they wish to pursue these opportunities.

Students in the Junior Virtuosity Program will enjoy benefits typically available to our PPT students, including but not limited to: a professional dance photoshoot, access to additional workshops and classes with guest tutors, personalised goal-setting and timetable meetings with the Directors, and more.

Additionally, Junior Virtuosity students will automatically be eligible to join our competition teams. After two terms in the program, they will also become eligible to compete as soloists in their chosen genres.

If you are interested in enrolling your dancer in the Junior Virtuosity Program, please email us to discuss whether this opportunity is suitable.
